## DRAWBACKS.

Section two of the Tariff Law Amendment Law, 1923, Law 23 of 1923 (which substitutes a new section for section sixteen of the Principal Law) is hereby repealed and the following section is substituted for section sixteen of the Principal Law:—

“16. If any goods, wares and merchandise upon which any duty shall have been paid under this Law, are duly exported within two years of their first importation there shall be a drawback in respect of such goods of an amount equal to the preferential duty mentioned in the column headed ‘preferential Tariff’ of the first Schedule to this Law: provided that where any duty has been paid on goods exported as ships stores or on any of the articles enumerated in the Fourth Schedule to this Law there shall be a drawback equal to the amount of duty paid if the article is exported within two years of its importation; provided further that such goods are exported in the original, whole and unbroken packages in which the same were imported, and that no drawback of duty shall be allowed unless the amount of drawback on any one transaction is not less than four shillings.”

3. Goods, wares and merchandise upon which any duty under Law 4 of 1925 shall have been paid, on its being proved to the satisfaction of the proper Officer of Customs that a mistake has been made and that such goods are not the goods ordered by the Importer and that such goods have been returned to the Exporter, if duly exported within three months of their first importation, shall receive a drawback of the full duties paid on importation.

17. The duty paid on provisions and stores supplied by local merchants or contractors to His Majesty's Navy or Military Authorities in this Island for the use of His Majesty's Navy or Army, or to Naval Officers, or Naval Messes or to other branches of the Public Service and to Public Institutions, shall be refunded under such conditions and regulations as may from time to time be prescribed by the Governor in Privy Council.

Provided that such drawback or refund shall be limited to such articles as would have been entitled to be admitted free of duty, had they been in the first instance consigned to the purchaser.

18. There shall be paid a drawback equal to the duty paid on their importation on shipbuilding materials, or accessories of any kind for shipbuilding which shall have been imported into this Island and used in the construction or repairs of foreign-going vessels of any kind, on presentation to the Chief Officers of Customs at the port of importation of a certificate to the effect that such materials and accessories have been used as aforesaid under the hand of the builder or repairer of such vessel or boat, who used the same together with a declaration from such builder or repairer that he believes such shipbuilding materials and accessories to have been imported into the Island.

Paints and oils used in painting any foreign-going ship while temporarily in port shall be included in the term accessory.

19. Drawback of duties shall not be payable on goods which have become unmerchantable subsequent to importation or which have been in actual and bona fide use.
20. Where imported materials on which duty has been paid are used in the manufacture or putting up of articles manufactured or produced in this Island there shall be allowed on the exportation of such articles a drawback equal in amount to the duty paid on such materials so used: Provided, that when the articles exported are made in part from domestic materials, the imported materials or the parts of the articles made from such materials shall so appear in the completed articles, that the quantity or measure thereof may be ascertained.

Provided also that where the actual quantity or measure cannot be ascertained by ordinary method it shall be lawful for the Governor in Privy Council by regulation made under Section 16 of this Law to approve an approximate scale of drawback.

21. On the exportation of bread or biscuit manufactured in this Island of imported flour, there shall be paid a drawback equal to the duty mentioned in the column headed “Preferential Tariff” of the First Schedule, on the flour used in making the same, but not to exceed the duty payable on a like quantity of bread or biscuit imported.
22. The several drawbacks under this Law shall be subject to the regulations and provisions of the several Acts or Laws for the time being in force with reference to such drawbacks.

23. In construing the language employed in Schedule 2 of this Law to describe articles intended to be free of duty the articles named as free must be considered in their primary character in relation to the use under which exemption is given. When the character of such articles has been added to, modified or changed by embellishment or combination with some other article whose primary character is other than that described against the article on the free list the consideration as to whether the composite article is liable to duty shall be the relative value of the component parts considered under the two schedules of the tariff, viz.:—the schedule imposing duty and the schedule granting exemption. If the value of the dutiable portion exceeds the value of the portion coming under a description on the free list then duty shall be charged on the composite article; but if the value of the portion formed by any items appearing on the free list exceeds the value of the portion not exempted then the article considered in its complete character shall be exempt from duty.

No. 593.—The Acting Governor in Privy Council on the 31st July, 1928, under Section 4 of Law 4 of 1869, made the following Rules for regulating the procedure where drawback is claimed upon exportation of merchandise or shipments of stores or where stores are shipped ex-warehouse.

*Rules made by the Governor in Privy Council under Section 4 of Law 4 of 1869, for regulating the procedure where drawback is claimed upon exportation of merchandise or shipment of stores, or where stores are shipped ex-warehouse.*

Save as hereinafter laid down in the case of goods exported through the post, before drawback may be allowed on any goods exported such goods shall be entered in triplicate in accordance with form A contained in the Appendix to these Rules.

2. Full details of any goods to be presented for shipment on drawback must be given on the export entry, which shall be supported, in the case of goods subject to advalorem duties, by the invoice that accompanied such goods on their importation, and by such other documents substantiating the accuracy of the particulars entered as the proper Officer of Customs shall require; provided that if the exporter shall present an extract from or copy of the said invoice, giving all details relating to the package or packages to be exported contained in such invoice, then such extract or copy, on being compared with the original invoice, shall be certified as a true extract or copy by the Officer to whom the export entry is presented, and the invoice may thereupon be returned to the exporter; provided further that in cases where the Chief Officer of Customs at any port shall be satisfied that it is impracticable to produce the said invoices, extracts or copies prior to shipment of any goods for drawback and if he shall be satisfied that an account may be taken of such goods sufficient for purposes of revenue protection, he may at his discretion, and subject to such conditions as he shall deem necessary, permit entry for drawback without production thereof; but in every such case the invoices, extracts or copies certified as aforesaid shall be lodged with the said Chief Officer of Customs within three days of the shipment of such goods.

3. Before any goods shall be examined for drawback, the original and duplicate copies of the export entry shall be produced to the Examining Officer together (in the case of goods chargeable with duty advalorem) with the invoice, or certified copy thereof or extract therefrom, and other supporting documents as aforesaid.

4. All goods presented for exportation on drawback shall be shipped in the original whole and unbroken packages in which they were imported, containing the full original distinguishing marks and numbers as shown on the invoice or import entry, and without any additional wrapper or covering of any description. Provided that where under any special provision of the Law for the time being in force, the goods exported are goods returned to the supplier as not being the goods ordered to be imported, the requirement as to whole and unbroken packages may be dispensed with, if the Collector of Customs shall be satisfied that the identity of the goods exported with the goods imported can be established.

5. No goods may be shipped for drawback save from a wharf approved as a landing place having a *Special Store* attached thereto, provided that in any particular case where the Chief Officer of Customs at any port shall be satisfied that a hardship would be caused by the strict observance of this Rule, and if arrangements may conveniently be made for the due examination and *immediate shipment* of such goods from some other wharf, he may sanction the shipment thereof on drawback subject to such additional conditions as he may deem necessary.

6. All goods entered for drawback shall be examined by the proper Officer of Customs at the wharf whence such goods are intended to be shipped, and if, on account of the non-arrival of the exporting vessel, such goods may not immediately be shipped, they shall be removed forthwith to a *Special Store* at the same wharf and there kept under official custody until the time of shipment; and the officer who conducts the examination shall retain the invoice or certified extract or copy and other documents, and forward them to the shipping officer, attached to the original and duplicate copies of the export entry.

7. The Collector of Customs at the port of Kingston shall issue instructions, subject to the approval of the Collector General, for regulating the extent of the examination of any particular goods or class of goods entered for exportation on drawback at any port; provided that such instructions shall not prevent the said Collector, or the Chief Officer of Customs of any port from requiring in any particular case an examination greater in extent than that laid down in such instructions.

8. Immediately upon the examination of any goods entered for drawback and required by these rules to be taken to a *Special Store*, such goods shall be plainly marked in such manner and colour as the Collector of Customs of the port of Kingston shall direct; and where any goods so marked are short shipped, the marks shall be obliterated before the goods are removed from the *Special Store*; and any person who shall remove any package contrary hereto shall incur a penalty of fifty pounds.

9. Upon the examination of any goods entered for drawback, the Examining Officer shall complete the certificate required on the back of both the original and duplicate copies of the export entry, and where he shall have marked any package in accordance with the preceding Rule, he shall state the number and nature of such marks for the information of the officer shipping the goods.

10. At every approved landing place whence goods are at any time to be shipped for drawback, there shall be kept a register of examinations of drawback goods in such form as the Collector General shall require, and where any goods are examined for drawbacks, a full record of the nature and extent of the examination shall be made therein at the time of examination, or within two hours thereof if it is only practicable to take rough notes of the examination at the time when it shall be made.

11. All goods which shall have been examined for drawback shall, upon shipment thereof, be certified as shipped by the proper Officer of Customs in the space provided on the original and duplicate copies of the form of entry; and such certificate shall be supported by the receipt of the Master or Mate of such vessel, and shall state in words the number and kind of packages.

12. No drawback shall be allowed on any goods shipped as stores save upon application in triplicate made according to Form B contained in the Appendix to these Rules, containing the several particulars required thereby, signed by the Master of such vessel, and showing the full quantity of duty free stores required, whether to be shipped ex-warehouse or on drawback; provided that in the case of a vessel making less than 12 hours stay in port, such application may be signed by the Agent or person duly authorised by the Agent to sign on his behalf, pending the counter-signature of the Master on arrival of the vessel.

13. No greater quantity of goods may be shipped as stores upon any vessel than the Collector or proper Officer of Customs shall deem necessary for the use of such ship, having regard to the number of the crew and passengers on board, and the probable duration of the voyage on which she is about to depart.

14. All goods exported as ships' stores upon which drawback may be required shall be entered in like manner and shall be subject to the same conditions as regards production of invoices and other documents, examination, marking and certification of examination and shipment as goods exported as cargo; provided that the receipt on board of such stores shall be certified by the Purser or other officer responsible for the receipt of stores, and countersigned by the Master.

15. All goods shipped ex-warehouse as ships' stores shall be dealt with in a manner similar to stores shipped on drawback, save that the production of invoices may be dispensed with unless demanded in any particular case by the proper Officer of Customs, and provided further that entry shall be made in duplicate in the Form C in the Appendix to these Rules.

16. Samples of all goods shipped for drawback, whether as merchandise or stores, shall be drawn by the Examining Officer prior to shipment to the extent laid down in any instructions issued by the Collector of Customs, Kingston, with the approval of the Collector General from time to time.

17. Where, owing to the nature of the packing of any goods entered for drawback, it is impracticable or undesirable for them to be examined at the wharf whence they are to be exported, the Chief Officer of Customs at any port may sanction their examination, upon the receipt of a written request to do so, at the premises of the exporter, if he shall be satisfied that such request is reasonable, subject to payment of a fee of 5/- for every hour or part of any hour which the Examining Officer occupies in examining the goods and in proceeding to and from the place of examination, and the payment of the Examining Officer's and for Guard's out-of-pocket expenses. Provided that every such package immediately upon examination thereof shall at the expense of the exporter be wired and sealed, so that none of its contents may be abstracted. Provided also that such package shall be placed in charge of a Customs Guard from the time of examination until such time as it is delivered into the custody of the proper Officer of Customs at the wharf whence it is to be shipped. Nothing in this Rule shall be held to prevent the proper Officer of Customs, should he deem such a course necessary, from further examining such goods at any time prior to their shipment.

18. A record of examination under Rule 17, and of any subsequent examination shall be made as soon as is practicable in the register mentioned in Rule 10, and the certificate of original examination as well as the certificate of any subsequent examination that may be made at the wharf, shall be given on the original and duplicate copies of the export entry.

19. The duplicate copy of each export entry after being compared in the Collector General's Office with the original and certified as correct in all respects, shall be the voucher for the refund of duties claimed as drawback.

20. Goods which have been imported by Parcels Post may be re-exported on drawback by Parcels Post in accordance with these Rules modified as follows:—

- (a) Submission of goods intended to be exported to a Collector or Sub-Collector of Customs or a Collector or Assistant Collector of Taxes (or in Kingston the Parcels Post Clerk), for examination shall be considered the equivalent of entry.
- (b) Certificates of examination shall be made by such officer, and recorded in a book at his office kept according to Rule 17.
- (c) If the original Parcels Post Declarant is produced, it may be accepted in lieu of the original invoice.
- (d) The receipt of the Post Office shall be accepted as equivalent to a certificate of shipment.
- (e) The exporter shall notify his intention to export any goods on drawback by Parcels Post in the Form D contained in the Appendix to these Rules, and such form shall also serve as the voucher for the refund of the duties paid on importation.

21. The Rules made by the Governor in Privy Council on 14th May, 1912, are hereby repealed.

22. These Rules shall come into force on the first day of September, 1928.

Made by the Governor in Privy Council this 31st day of July, 1928.

Clerk Privy Council (Acting).

No. 3—1934.

A. S. JELF,

*Acting Governor.*

7th June, 1934.

## A LAW to Regulate the Importation of Textiles.

[7th June, 1934.]

BE it enacted by the Governor and Legislative Council of Jamaica as follows:—

1—This Law may be cited as the Importation of Textiles (Quotas) Law 1934.

2—In this Law unless the context otherwise requires—

“quota” means the quantity of textile goods or any class or classes of textile goods manufactured in any individual foreign country which may be imported during any period in accordance with a proclamation made by the Governor under section three of this Law;

“quota period” means any period in respect of which any quota has been fixed by the Governor under the said section;

“foreign country” means any country or territory not being a part of the British Empire as defined by section three of the Tariff Law Further Amendment Law, 1932 (Law 14 of 1932) as amended by section four of the Tariff Further Amendment Law, 1933 (Law 23 of 1933);

“regulated textiles” mean any textile goods, and any class or classes of textile goods manufactured in a foreign country, in respect of which any quota has been fixed by the Governor under section three of this Law;

“prescribed” means prescribed by Regulations under this Law.

3—(1) The Governor may fix by proclamation published in the Gazette the total quantity of textile goods or of any class or classes of textile goods manufactured in any foreign country which may be imported during any period.

(2) The quota period specified in any proclamation made in accordance with sub-section one of this section may commence prior to the coming into operation of this Law; and any imports of regulated textiles between the commencement of the period and the coming into operation of this Law may be taken into account for the purposes of section eight of this Law: Provided that no importation made prior to the coming into operation of this Law shall constitute an offence under section ten of this Law.

4—(1) No person shall import any regulated textiles otherwise than in accordance with a direction given under the proviso to Section 9 of this Law, except under licence issued by the Collector General.

(2) Every licence issued under this Section shall state the quantity, class, and country of manufacture of textile goods which may be imported under it and the period during which the licence is valid.

(3) Applications for licences to import any regulated textiles shall be made to the Collector General at such time as he may specify in a notice published in the Gazette and shall state full particulars of the quantity, class, and country of manufacture of the goods proposed to be imported under it.

(4) The period during which any import licence is valid shall fall wholly within a single quota period.

(5) The total quantity of imports of any regulated textiles, manufactured in any country, during any quota period which may be authorized by import licences issued under this Section shall not exceed the quota for that country fixed for that quota period.

(6) On the importation of any regulated textiles, the appropriate import licence shall be endorsed in the prescribed manner, and when the total quantity of goods the importation of which is thereby authorized has been imported, the licence shall be surrendered to the Collector General and cancelled.

(7) On the issue of an import licence a fee to be prescribed shall be paid by the person to whom the licence is issued.

5—(1) If it appears to the Collector General that, in respect of any particular foreign country and any quota period, the quantity of any regulated textiles in respect of which import licences are likely to be applied for will exceed the appropriate quota for that country and quota period, he may cause a notice to be published in the Gazette to the effect that the issue of import licences for the import of such goods will be restricted.

(2) Any notice issued under sub-section (1) of this Section shall specify the regulated textiles, the quota period and the foreign country to which it relates and shall further specify a period within which applications for import licences for such imports may be submitted.

(3) On the expiry of the period within which applications may be submitted, the Collector General shall consider all the applications received and, if the total quantity of goods covered by such application does not exceed the appropriate quota, he may issue import licences in accordance with all applications. If the total quantity of goods covered by the applications exceeds the appropriate quota the Collector General shall in his discretion, subject to the approval of the Governor, issue licences (hereinafter called “restricted import licences”) to the several applicants for quantities proportionate to the volume of their previous importations or to the quantities specified in their application or on any other basis.

(4) A restricted import licence issued at the time of the initial issue of such licences of the same class shall be valid until a date not less than three months before the end of the quota period to which it relates and shall lapse if and so far as it is not used by that date.

6—An import licence or a restricted import licence may, with the consent of the Collector General, be transferred from the person to whom it was issued to any other person designated by him.

7—No person shall import any regulated textiles unless he shall, at the time of importation submit to the Collector General in the prescribed form a return of quantity, class, and origin of the goods imported and a declaration of origin: Provided that during a period of four months after the coming into operation of this Law, imports of regulated textiles may, at the discretion of the Collector General, and subject to such conditions as he may impose either generally or in any particular case as to the subsequent submission of evidence of origin, be admitted without the submission of such a declaration of origin.

8—(1) The imports of regulated textiles manufactured in any foreign country shall be separately recorded by the Collector General.

(2)—Any person may at any time on payment of the prescribed fee, require the Collector General to furnish a statement of the total quantity already imported of any regulated textiles manufactured in any individual foreign country during any quota period and the Collector General shall furnish such statement accordingly.

(3) When the imports of any regulated textiles manufactured in any foreign country during any quota period attain the quota prescribed in respect of such textiles for such country in that period, the Governor shall issue a notice to that effect in the Gazette; and such notice shall specify the foreign country, the regulated textiles and the quota period to which it refers.

9—Upon the issue of a notice under sub-section three of the preceding section further imports of the regulated textiles concerned manufactured in the country specified therein shall be prohibited until the end of the quota period: Provided that notwithstanding anything in this Law the Governor may if he thinks fit, in any proclamation issued under this Law, direct that regulated textiles in excess of the several quotas therein fixed may be imported on payment of such duties in addition to those prescribed by the Tariff Laws 1925 to 1933 or any other Law, as may be specified in the proclamation, and accordingly this Law shall have effect subject to such direction.

10—Any person who shall import any regulated textiles contrary to the provisions of section seven or section nine of this Law or shall fail to comply with any conditions imposed by the Collector General under the proviso to the said section seven shall be guilty of an offence and shall be liable on summary conviction before a Resident Magistrate to a penalty not exceeding £500 and any regulated textiles imported contrary to the said provisions may be seized as though they were prohibited goods within the meaning of section 37 of the Customs Consolidation Law, 1877 and shall be forfeited and may be disposed of as the Governor may decide.

11—The Governor may make regulations for giving effect to the provisions of this Law.

12—This Law shall come into operation on the day the Governor shall assent thereto.

### THE IMPORTATION OF TEXTILES (QUOTAS) LAW 1934.

(LAW 3 OF 1934).

EDWARD DENHAM.

By His Excellency Sir EDWARD DENHAM, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the Most Excellent Order of the British Empire, Captain-General and Governor-in-Chief in and over the Island of Jamaica and Its Dependencies.

### A PROCLAMATION.

Whereas by Section three of the Importation of Textiles (Quotas) Law 1934, it is enacted that the Governor may by proclamation published in the Gazette fix the total quantity (hereinafter referred to as the quota) of any class or classes of textile goods (hereinafter referred to as "regulated textiles") manufactured in any foreign country which may be imported during any period (hereinafter referred to as the "quota period"):

And Whereas it is expedient to fix the total quantity of regulated textiles which may be imported in the quota period fixed herein on the basis of importations of such textiles during the years 1927 to 1931 inclusive of both years;

1. That the *quota period* during which regulated textiles may be imported from the several foreign countries hereunder specified shall be *the period from the 1st day of January, 1936 to the 31st day of December, 1936, both days inclusive.*

2. That the quota of regulated textiles manufactured in the said several foreign countries which may be imported during the quota period hereby fixed shall not exceed the following quantities:—

(a) United States of America—13,011,426 yards.

(b) All other foreign countries each—599,946 yards.

3. That for the purposes of this Proclamation—

(b) "yard," in relation to regulated textiles, means a length of thirty-six inches and a width not exceeding thirty inches and any width exceeding thirty inches shall increase the length of regulated textiles in proportion as such width exceeds thirty inches.

Given under my hand and the Broad Seal of this Island at Kingston this 12th day of November, One Thousand Nine Hundred and Thirty-five, in the Twenty-sixth year of the Reign of His Majesty King George V, Anno Domini.

By command,

(Sgd.) C. C. WOOLLEY,

## 2. FORESTRY.

The formation of a Forest Branch of the Lands Department and provision of funds for carrying out the recommendations of Mr. Wimbush's report were approved by Legislative Council in April 1937.

A staff including Forest Officer, Forest Settlement Officer, 8 Forest Guards and 8 Forest Watchers were appointed. Comprehensive forest legislation, the Forest Law No. 42 of 1937, was passed on December 29th, 1937, and rules governing the sale of timber from Crown Lands were approved. Progress was made in the acquisition of lands in the catchment area of the Kingston Water Supply by means of a vote of £8,000 provided by the Water Commission: other Water Commission holdings were handed over to this branch, and further purchases of land were made in the Hardware Gap section. Arrangements were made for leasing an additional area of land at Newcastle from the War Department.

Afforestation projects were extended and approximately 115 acres were planted in the Hermitage and Ginger River watersheds, while nurseries were enlarged to cope with further increases in 1938.

The following matters received considerable attention and were under discussion at the end of the year:—prevention of erosion, bush fires, sleeper supplies for the Railway, bird sanctuaries, barking of trees, etc.

NOTE—On the first occasion of filling up these forms, a plan of each floor of the Hospital should be sent home. Each such plan should be size of the Blue Book Sheet. In subsequent years, if there has been no material alteration in the buildings or addition to them, it will be sufficient to refer to the Blue Book in which the plans were sent home.  
If the buildings are afterwards altered or enlarged, fresh plans should be sent home with the Blue Book of the year in which the alterations were effected.

## YEAR 1937.

## METEOROLOGICAL RESULTS FOR THE YEAR 1937.

## CITY OF KINGSTON.

The mean barometric pressure for the 12 months was for 7 a.m., 29.926 ins. and for the 3 p.m. 29.875 ins. By applying the correction for the diurnal variation, for these respective hours, an annual mean of 29.912 ins. is derived, which is .020 in. below that of the 33-year normal. The month of June was slightly above normal, the remaining (11) months were consistently below. January, March, November and December showed the greatest departures from their normals, viz., .058 in., .046 in., .054 in., and .034 inch below, respectively. These periods of low pressure were followed by excessive rainfall in May and November. In May, the Island Rainfall exceeded the normal by 30% and in November, by 70%. The abnormal rainfall in November caused serious damage to roads and bridges in the western and northern parishes, particularly St. James and Portland. The month of February shewed the highest mean of 29.968 ins. and November, the lowest, of 29.838, giving a mean range of 0.130 inch.

The mean annual temperature, based upon four observations each day, (or 1,460 thermometer readings during the year) was 78.9 degree, which is 0.2 degree above that of the 33-year normal of 78.7 degrees. The highest maximum temperature was 94.0 degrees on July 28th and the lowest minimum was 63.2 degrees on December 5th. The monthly greatest extreme range was 25.7 degrees in December, and the least range was 19.7 degrees in June. The mean monthly range for the year was 21.9 degrees and is 1.8 degree lower than the 33-year results.

The Anemometer records for the year shew a mean daily total miles of 181, which is 2 miles less than the 25-year average of 183. The months of January, March, April and June recorded winds above the normal. July was equal to the normal, and the remaining months were below. The greatest daily mean of 262 miles was recorded in June and the least mean of 137, in November.

The mean relative humidity for the 7 a.m. observations was 82%, which corresponds with the 33-year average, and the 3 p.m. observations gave 67% which is 2% below the normal of 69%.

The total rainfall for the year, as registered at the Public Works Building, Port Royal Street, Kingston was 28.10 inches, the 60-year normal being 31.56 inches. May recorded the greatest with 7.36 inches, and March the least with 0.01 inch. The total number of rainy days was 78, which is one less than the 49-year average. The greatest number of rainy days in one month was 15 in October and November, and the least, 1 in March. The amount of cloudiness for the year was 50%, as against the 33-year normal of 53%. This includes both 7 a.m. and 3 p.m.
